

## 2015 Softball – Available Players Information

From time to time throughout the season, the Little Rock Parks & Recreation department will receive inquiries from individuals that would like to join an existing softball team. As this information becomes available, we will post it here. If your team is seeking to add individuals to your roster, please use this information in selecting available players.

Miranda Lybarger / [miranda.a.lybarger@gmail.com](mailto:miranda.a.lybarger@gmail.com) / 501-693-6072 - I wanted to see about finding a good team to play with this year. I'm 26 and consider myself an athlete. I'm not new to the game of softball and have been involved in sports of all types since I can remember. I've been playing adult coed and women's slow pitch for 10 years now and I consider myself a well-rounded player. I have usually played outfield (mainly L&LC) but I can play most positions. I'm very competitive and although winning may not be everything, I believe it's important to make being the best your goal.

Mike Powell / [michael.powell@appliedenergyco.com](mailto:michael.powell@appliedenergyco.com) / 813-399-1903 – Recently moved here to Little Rock, and want to get onto a co-ed or competitive softball team. Played baseball in middle/high school, as well as 6 years of co-ed softball with the military. Great in-fielder and left fielder (played second base and short-stop, primarily). Available any day for practice.
